

Rehabilitation Hospital of Indiana Sports Clinic

2020 SCHEDULE

Sport Clinics offer individuals living with physical disabilities a glimpse into the world of adaptive sports. They provide opportunities to try different sports or activities without the need to purchase the equipment or the commitment of joining a team. Sports Clinic events can be one or two days in length with varying hours from a couple to half a day.

Sport Clinic: 1) an opportunity to experience a new and exciting activity or sport 2) one to two day event held to give athletes the opportunity to perfect a previously learned skill, or learn a new skill, through mentors, coaches, and/or professional athletes

To participate in a clinic you must have a physical disability.
Diagnoses of participants are:

- Traumatic brain injury - Epilepsy - Cerebral Palsy - Cystic Fibrosis - Amputation - Spinal Cord Injury - Paralysis - Multiple Sclerosis - Spina Bifida - Visual and Hearing Impairments - Muscular Dystrophy - Dwarfism

You must have a Medical Release Form signed by your MD to participate in a specific clinic. For more information please contact:
