Participants are compensated  
for their time.

# Research Opportunity for Caregivers of People with TBI

## You May Qualify if:

- You have been in an intimate relationship with a person with TBI for at least one year prior to their injury
- Your partner was discharged from inpatient rehabilitation at least 3 months ago
- You are at least 18 years old
- You have access to the internet in a private location.

Participants will complete questionnaires and be assigned to one of two online wellness classes designed for partner caregivers of individuals with TBI.

(For use by IRB Administrator)
